Comments from audience concerning the marijuana ordinance that is being proposed for Arlington Township.

Some comments were no more marijuana grows

Comments from growers and processors were we are good neighbors and help the tax base and employment.

One gentleman claims that corn is much more of a hazard to health then marijuana.

Chemicals used are regulated by the State of MI.

Maybe tax on wages could be adopted for the Township's use.

Some citizens were like to see a district for growing only.

Too many big trucks that are doing harm to our roads.
