Danielle requested discussion with the PC about flat work and setbacks. It was determined that if the material is impervious, it must meet the setbacks in the Ordinance. If the material is flat to the ground and permeable, there can be an exception to the set-back with the Zoning and Code Enforcers approval.

Zoning Discussion continued from previous meetings.

Motion by Georgette, supported by Donna Bell to recommend to the Township Board that an updated wetlands map be created for the Township. All in favor. Motion carried.

Motion by Jill, supported by Donna Romanak, to recommend to the Township Board to complete the rezoning of Mr. Mims property, on the corner of M43 and 52nd Street, from Agriculture to Commercial. All in favor. Motion carried.

Meeting adjourned at 8:00 PM

Respectfully submitted,
Georgette Peterson, Secretary
