

**ARLINGTON TOWNSHIP**  
**ZONING BOARD OF APPEALS**  
**MINUTES OF THE 6/14//22 MEETING**

ZBA members Ted Swanson, Matt Butler, and Donna Romanak were present. Also present was Arlington Township attorney Scott Graham.

**47068 Woodland Drive:** The owner of this property bought the lot across the street from his property and tore down the house on that lot. The owner wants to build a pole barn garage measuring 32' by 48' on the empty lot. The owner had gotten permission earlier to build this pole barn garage. Scott Graham recommended approval of this variance request and approval to waive the required fee. Both the variance application and the fee waiver were approved.

**27423 47-1/2 St:** This property is on the lake. The owner wants to replace an existing building with one pole barn garage measuring 36' x 48'. The owner is asking to expand the size of a non-conforming structure. The current use of this property is recreational. The variance was approved. The \$300 fee applies to this request.

Respectfully Submitted,

*Donna Romanak, Secretary*
